

LanSchool Air Data Processor Agreement (DPA)

This LanSchool Air Data Processor Agreement (which addresses both privacy and security requirements) and its annexes, ("**DPA**") form part of the Stoneware Sales Agreement or other written or electronic agreement between Stoneware, Inc., and Customer (the "**Agreement**") for the purchase of LanSchool Air services from Stoneware, Inc. to reflect the parties' agreement in relation to the Processing of Personal Data.

This DPA supplements any agreement between the parties with respect to the subject matter hereof; and will be effective from the moment that Customer accepts LanSchool Air Terms of Services ("**Effective Date**").

Upon signature of the Agreement and acceptance of the LanSchool Air Terms of Services, this DPA will become legally binding; and you (Customer) are entering into this DPA on behalf of Customer, to the extent required under applicable privacy, security and data protection Laws and Regulations, including applicable education and student privacy and security laws and regulations, in the name and on behalf of its Authorized Affiliates to the extent Stoneware processes Personal Data for which such Authorized Affiliates qualify as the Controller. Customer understands that this DPA is applicable to all users and warrants that it has the necessary powers to enter into this DPA on behalf of such users.

We may update these terms to accommodate new legal requirements or as necessary to reflect operational updates. If you have an active LanSchool Air subscription, we will let you know via email or via in-product notification. You can find archived versions of the DPA [here](#).

DPA execution:

- a) This DPA consists of two parts: the main body of the DPA, and Annexes A, B, C, D and E
- b) This DPA has been pre-signed on behalf of Stoneware, Inc., including the EU Standard Contractual Clauses in Annex D, as the data importer. (Note: Annex D is generally applicable to only processing activities that may involve the transfer of Personal Data from the European Union, European Economic Area, United Kingdom, and/or other countries with similar adequacy or equivalency standards pertaining to cross-border data transfers).

For the avoidance of doubt, you need to sign this DPA on page 5. If applicable, Annex D will apply by reference.

Data Protection

Definitions: In this Clause, the following terms shall have the following meanings:

- a) **"Controller", "Processor", "Subprocessor", "Data Processing", and "Processing"** (and **"Process"**) shall have the meanings given in EU Data Protection Law and equivalent terms in Applicable Data Protection Law.
- b) **"Applicable Data Protection Law"** means all applicable laws, rules, regulations, orders, and all related amendments thereto, in any jurisdiction in which Supplier provides LanSchool Services, including any laws concerning privacy, data security, data protection, data breaches, and confidentiality such as the California Consumer Privacy Act of 2018 ("CCPA") and the California Privacy Rights Act ("CPRA"); the European Union's General Data Protection Regulation 2016/279, as amended, replaced or superseded from time to time ("GDPR"); the United Kingdom's Data Protection Act 2018 as amended; The Brazil Law No. 13.709/18 as amended ("LGPD") and the regulations implemented (or to be implemented); and any such applicable laws, including national, state and/or local education and student privacy laws.
- c) **"Personal Data"** is information that relates to an identified or identifiable individual including, but not limited to, students, parents, and school employees.
- d) **"Data Subject"** is an individual person who can be identified directly or indirectly including, but not limited to, students, parents, and school employees.
- e) **"Customer"** is the Controller. For the purposes of this DPA only, the term "Customer" shall include Customer and Authorized Affiliates.
- f) **"Supplier"** means Stoneware, Inc., which acts as Processor.
- g) **"Data Exporter"** means a party that transfers Personal Data (acting as a Controller) to another Party in accordance with the Agreement.
- h) **"Data Importer"** means a party that receives Customer Personal Data (acting as a Processor or Subprocessor) from another Party (Controller) in accordance with this Agreement.

Relationship of the parties: The Controller acknowledges Supplier as a Processor to process the Personal Data that is the subject of Stoneware Sales Agreement, LanSchool Air Terms of Services and EULA with Supplier. Each party shall comply with the obligations that apply to it under Applicable Data Protection Law.

Purpose limitation: Supplier shall process the Personal Data as a Processor and strictly in accordance with the documented instructions of Controller (the "Permitted Purpose") as documented in Annex A "Processing details," except where otherwise required by any Applicable Data Protection Law. Supplier shall immediately inform Controller if it becomes aware that Controller's Processing instructions infringe Applicable Data Protection Law. In no event shall Supplier process the Personal Data for its own purposes or those of any third-party, including for marketing purposes. For the

avoidance of doubt, Supplier shall not send marketing or otherwise promotional communications to Lenovo LanSchool Air users leveraging personal data obtained from the use of Lenovo Lan School Air. The latter will not prevent any individual from receiving marketing or promotional communications if those originate in the context of standard channels such as Stoneware or Lenovo website and other sales related channels.

International transfers: Supplier may transfer the Personal Data to any country outside of the country from which Personal Data was collected in compliance with applicable Data Protection and data localization laws. For the avoidance of doubt:

- a) Personal Data transfers outside of the European Economic Area ("EEA") and the United Kingdom are allowed: (i) if the Personal Data transfer is to a recipient in a country that the European Commission, United Kingdom Secretary of State, and/or the United Kingdom's Information Commissioner's Office have decided provides adequate protection for Personal Data; and (ii) to a recipient that has executed standard contractual clauses adopted or approved by the European Commission, United Kingdom Secretary of State, and/or the United Kingdom's Information Commissioner's Office.

Supplier may transfer the Personal Data outside of Brazil if: (i) the Data transfer is to a recipient in a country that the National Authority has decided provides adequate protection for Personal Data; (ii) to a recipient that has executed standard contractual clauses adopted or approved by the National Authority; or (iii) when the recipient is able to provide and demonstrate the implementation other safeguards in accordance to the Brazilian Data Protection Law and the international transfer is approved by the Controller.

- b) Generally, the acceptance of this DPA results in approval by the Customer that Stoneware, Inc. may transfer Personal Data across borders to the extent that Stoneware complies with any applicable Data Protection Laws. In this regard, Annex D "International Data Transfers" applies between Controller and Supplier where relevant.

Confidentiality of Processing: Supplier shall ensure that any person that it authorizes to process the Personal Data (including Supplier's staff, agents and subprocessor) (an "Authorized Person") shall be subject to a strict duty of confidentiality (whether a contractual duty or a statutory duty) and shall not permit any person to process the Personal Data who is not under such a duty of confidentiality. Supplier shall ensure that all Authorized Persons process the Personal Data only as necessary for the Permitted Purpose. Furthermore, Supplier shall not commercially exploit the Personal Data.

Security: The Processor shall implement appropriate technical and organizational measures to protect the Personal Data (i) from accidental or unlawful destruction, and (ii) loss, alteration, unauthorized disclosure of, or access to the Personal Data (a "Security Incident"). Annex C contains LanSchool Air Technical and Organizational Measures (TOMs).

Subprocessing: Supplier agrees that any third-party subprocessor it appoints shall be bound to the same standard of data protection provided for by this Agreement; and that Supplier will enter into agreements accordingly with its applicable subprocessors to give appropriate effect to the requirements in this DPA. Controller agrees that Supplier may use any subprocessor listed in Annex B. Notwithstanding this, Controller consents to Supplier engaging new subprocessors (including the replacement of existing ones) to process the Personal Data, **provided that:** (i) Supplier provides at least 30 business days prior notice of the addition or replacement of any subprocessor (including details of the processing it performs or will perform), which may be given by provided details of such addition or replacement to Controller; and (ii) Supplier imposes data protection terms on any subprocessor it appoints that protect the Personal Data to the same standard provided for by this DPA. If Controller refuses to consent to Supplier's appointment of a new third-party subprocessor, which should not be withheld unreasonably, then either Supplier will not appoint the subprocessor or Controller may elect to terminate the Agreement, provided that the Controller has substantial and documented reasons for objection to the change.

Cooperation and Data Subjects' rights: Supplier shall provide reasonable and timely assistance to Controller to enable Controller to respond to: (i) any request from a Data Subject to exercise any of its rights under Applicable Data Protection Law (including its rights of access, correction, objection, erasure and Personal Data portability, as applicable); and (ii) any other correspondence, enquiry or complaint received from a Data Subject, regulator or other third-party in connection with the Processing of the Personal Data. For the avoidance of doubt, Data Subject Requests (DSRs) shall be requested by Controller by submitting a formal request in the [Stoneware DSR Privacy Webform](#).

Security incidents: Upon becoming aware of a Security Incident, Supplier shall inform Controller without undue delay and shall provide all such timely information and cooperation as Controller may require to fulfil its Personal Data breach reporting obligations under (and in accordance with the timescales required by) Applicable Data Protection Law. Supplier shall further take measures and actions as are necessary to remedy or mitigate the effects of the Security Incident and shall keep Controller informed of all developments in connection with the Security Incident.

Deletion or return of Data: Upon termination or expiry of the Stoneware Sales Agreement, Supplier shall, upon Controller's request, destroy or return to Controller all Personal Data (including all copies of the Personal Data) in its possession or control (including any Personal Data subcontracted to a third-party for Processing). If Controller does not give further instructions to Supplier, Supplier's data retention schedule, as laid out in Annex A, will apply. This requirement shall not apply to the extent that Supplier is required by any applicable Data Protection Law to retain some or all of the Personal Data, in which event Supplier shall isolate and protect the Personal Data from any further Processing except to the extent required by such law.

Audit: During the term of this Agreement and for three years after termination or expiration, Supplier shall permit Controller (or its third-party auditors) to audit Supplier's compliance at its own expense and shall make available to Controller information necessary for Controller (or its third-party auditors) to conduct such audit, provided that such audit request is reasonable in scope and that Controller gives it reasonable prior notice of its intention to audit. Controller will not exercise its audit rights more than once in any twelve (12) calendar month period, except if and when required by instruction of a competent data protection authority.

IN WITNESS WHEREOF, Stoneware and Customer have executed this Agreement as of the date written above.

ANNEX A – PROCESSING DETAILS

Type of data & data subjects	Retention Period	Nature, purpose, and subject matter
Student Interface related data: <ul style="list-style-type: none"> The auto-generated unique GUID of the student The student ID as provided. The first name of the student. The last name of the student. The e-mail address of the student. The student's login name. The date that this student object was created. The date that this student object was updated. 	<p>Upon user's request for deletion or after 1 year of not having an active license or trial, data will be archived. Archived data is purged after 90 days.</p>	<p><i>Data Storage</i> (record, host, log, archive or otherwise store Customer Data);</p> <p><i>Data Access</i> (retrieve, copy, examine, modify, transport, scan, or otherwise access Customer Data)</p>
School Employee Interface related data: <ul style="list-style-type: none"> The auto-generated unique GUID of the teacher The school employee's ID. The first name of the school employee. The last name of the school employee. The e-mail address of the school employee. The MongoDB ID of the cloud user that corresponds to this teacher object. Access tokens The date that this school employee object was created. The date that this school employee object was updated. 	<p>Upon user's request for deletion or after 1 year of not having an active license or trial, data will be archived. Archived data is purged after 90 days.</p>	<p><i>Data Storage</i> (record, host, log, archive or otherwise store Customer Data);</p> <p><i>Data Access</i> (retrieve, copy, examine, modify, transport, scan, or otherwise access Customer Data)</p> <p><i>Data Analysis</i> (survey, test, study, interpret, organize, report, or otherwise analyse Customer Data).</p>
Client Interface related data: <ul style="list-style-type: none"> The auto-generated unique GUID of the client The login name of the current student. It could be an e-mail address or a username. The MongoDB ID of the corresponding device from the core database. The date that this client object was created. The date that this client object was updated. 	<p>Upon user's request for deletion or after 1 year of not having an active license or trial, data will be archived. Archived data is purged after 90 days.</p>	<p><i>Data Storage</i> (record, host, log, archive or otherwise store Customer Data);</p> <p><i>Data Access</i> (retrieve, copy, examine, modify, transport, scan, or otherwise access Customer Data)</p> <p><i>Data Analysis</i> (survey, test, study, interpret, organize, report, or otherwise analyse Customer Data).</p>

<p>Class list related data</p> <ul style="list-style-type: none"> • The auto-generated unique GUID of the class • The name of this class. This is required. • The class ID as provided by the Student Information System. • The school ID as provided by the Student Information System. • The class period or other designation that distinguishes this class from other classes of the same type. • The owner of this class list. • The teacher objects for the teachers that have access to this class list. The Teacher Interface is defined below. • The student objects for the students that belong to this class list. • The client objects for the devices that belong to this class list. • The ID of the user that last changed this class list. • The date that this class list was created. • The date that this class list was updated. • 	<p>Upon user's request for deletion or after 1 year of not having an active license or trial, data will be archived. Archived data is purged after 90 days.</p>	<p><i>Data Storage</i> (record, host, log, archive or otherwise store Customer Data); <i>Data Access</i> (retrieve, copy, examine, modify, transport, scan, or otherwise access Customer Data) <i>Data Analysis</i> (survey, test, study, interpret, organize, report, or otherwise analyse Customer Data).</p>
<p>Organization related data</p> <ul style="list-style-type: none"> • The auto-generated unique GUID of the organization • The name of the organization. • The ID assigned to this organization. • The primary street address. • The secondary street address information. • The city of the organization. • The state or province of the organization. • The postal code of the organization. • The country of the organization. • The administrative contact information. • The technical contact information. • The billing contact information. • A flag indicating if this organization has a site agent. 	<p>Upon user's request for deletion or after 1 year of not having an active license or trial, data will be archived. Archived data is purged after 90 days.</p>	<p><i>Data Storage</i> (record, host, log, archive or otherwise store Customer Data); <i>Data Access</i> (retrieve, copy, examine, modify, transport, scan, or otherwise access Customer Data); <i>Data Analysis</i> (survey, test, study, interpret, organize, report, or otherwise analyse Customer Data).</p>

<ul style="list-style-type: none"> • The date that this organization was created. • The default security policy for the organization. • Organization's contact data: first name, last name, phone number, e-mail address. 		
User data <ul style="list-style-type: none"> • The auto-generated unique GUID of the user • A set of key-value pairs of all current IDs of user, • The first name of the user. • The last name of the user. • The e-mail address of the user. • Permissions directly assigned to this user. • A reference to the organization of which this user belongs. • A subset of user IDs that a user is allowed to use for a login. • A timestamp of the last time the user successfully logged into the system. • A timestamp of the first time the user failed authentication within the past hour. • The IP address of where the last successful login took place. • The IP address of where the last failed login took place. • The timestamp of the last failed login attempt. • A counter for the number of consecutive failed login attempts. • The permissions granted to the user. Generated by combining all permissions from the user's groups. • The date that this user was created. • The date that this user was updated. 	<p>Upon user's request for deletion or after 1 year of not having an active license or trial, data will be archived. Archived data is purged after 90 days.</p>	<p><i>Data Storage</i> (record, host, log, archive or otherwise store Customer Data); <i>Data Access</i> (retrieve, copy, examine, modify, transport, scan, or otherwise access Customer Data) <i>Data Analysis</i> (survey, test, study, interpret, organize, report, or otherwise analyse Customer Data).</p>
Activity Log related data <ul style="list-style-type: none"> • Student web browsing history (URL, timestamp) • Student application history (application name, timestamp) • Classroom chat message history (sender, receive, message content, timestamp) 	<p>Upon user's request for deletion or after 45 days.</p>	<p><i>Data Storage</i> (record, host, log, archive or otherwise store Customer Data); <i>Data Access</i> (retrieve, copy, examine, modify, transport, scan, or otherwise access Customer Data); <i>Data Analysis</i> (survey, test,</p>

<ul style="list-style-type: none"> Administrative activity log (user ID, activity type, timestamp) 		study, interpret, organize, report, or otherwise analyse Customer Data).
License data (Excludes personal data)	This data is kept as long as necessary to comply with legal obligations, to enforce our agreements, etc. This does not include personal data.	<i>Data Storage</i> (record, host, log, archive or otherwise store Customer Data); <i>Data Access</i> (retrieve, copy, examine, modify, transport, scan, or otherwise access Customer Data); <i>Data Analysis</i> (survey, test, study, interpret, organize, report, or otherwise analyse Customer Data).

Duration of the Processing

The duration of the processing corresponds to the duration of the Agreement. Data retention policies as described above will apply.

Categories of Data Subjects

Students, Teachers, Organization contacts and Users in general

ANNEX B – SUBPROCESSORS

Name	Data	Storage Location	Purpose
Amazon Web Services	All user data as described in Annex A	AU, US, UK (<i>regional transfer restrictions are applied, meaning e.g. European data stored exclusively in the UK</i>).	Cloud service provider for the application infrastructure. All Data is processed by the application.
Canny	Feedback sent by customers, email addresses and hashes of the user first name, last name, and user id	US	Help users provide enhancement requests.
Datadog	Application data, IP address and username	US	Log collection tool.
Hubspot	First name, Last name, Email, Phone, Company Name, Title, Geographic tag (e.g., state), Industry	Hubspot's product infrastructure is hosted on Amazon Web Services (AWS) in the United States East region. HubSpot leverages the Google Cloud Platform (GCP) in the EU (Frankfurt, Germany region) to support the processing of local customer data that is critical to our customers' businesses. This includes leads, email events, and analytics.	On-boarding.
Loggly	Application data, IP address and username	US	Log collection tool
MongoDB Atlas	All user data as described in Annex A	AU, US, UK (<i>regional transfer restrictions are applied, meaning e.g. European data stored exclusively in the UK</i>).	For the application to run correctly.
Pendo	Application usage analytics, visitor first name, last name, email) Organization Name	US	To improve the functionality and usability of the product.
Twilio	Customers' IP	US, data is only processed, not stored.	Provides STUN/TURN based traversal services for establishing live event streaming and

			telephony connectivity.
--	--	--	-------------------------

ANNEX C – TECHNICAL AND ORGANIZATIONAL MEASURES (TOMs)

Supplier has implemented a comprehensive and written security program with physical, technical, procedural, and administrative controls that reflect prevailing industry standards for the protection and responsible use of Personal Data including, but not limited to, the following controls:

Technical	Scope	Controls
Access	Logins (system & application).	NIST-based password policies (multi-factor authentication for admin-level access and interfaces).
Encryption	Data storage at rest & in transit.	AES 256-GCM (at rest), TLS 1.2 (in transit) Protocol TLS 1.3 (in transit) Supported TLS Ciphers TLS_AES_128_GCM_SHA256 TLS_AES_256_GCM_SHA384 TLS_CHACHA20_POLY1305_SHA256 ECDHE-ECDSA-AES128-GCM-SHA256 ECDHE-RSA-AES128-GCM-SHA256 ECDHE-ECDSA-AES256-GCM-SHA384 ECDHE-RSA-AES256-GCM-SHA384 (server preferred cipher suites).
Static application security testing	All server and micro-service images, All binary clients and extensions/plugins.	Regular vulnerability scans and monitoring.
Dynamic application security testing	External applications APIs.	Web application scans, Penetration testing (Regular internal tests.)
CIS benchmark hardening	Cloud platform provider, Server instances.	Cloud CIS compliance checks, Cloud security monitoring, Regular CIS L2 server benchmark assessments.
Software compositional analysis	3 rd party opensource dependencies.	Conduct regular vulnerability audits, repository monitoring.
Infrastructure assessment	Cloud platform provider.	Regular reviews of all software-defined networks (SDNs)

		(identify network segmentation, firewall configuration, and resource access misconfigurations).
Web application firewall (WAF)	Production web applications.	WAF protection (core rules for common attacks).
Static code analysis	Proprietary code.	Regular code analysis is conducted using a commercial tool, secure code reviews are conducted during code merges.
Log collection	Cloud platform provider, Application.	Cloud platform API transactions (logs older than 360-days are purged, accessible by engineering), WAF logging for edge detection (logs older than 90-days are purged, accessible by engineering), Subprocessors, see Annex B, for application purposes.
Infrastructure as code	Cloud platform provider.	Infrastructure as code is used to automate infrastructure deployments and improve the immutability, misconfiguration of infrastructure.

Organizational	Scope	Controls
Incident (including data breach) response	Security events related to products in production.	Product incident response plan in accordance with NIST 800-61 and Lenovo's internal Product Security Incident Response Team (PSIRT) processes.
Trusted providers list	All subprocessors that directly integrate with products in production.	Standard security assessments of integrated providers, DPAs for Personal Data processing providers.
Vulnerability management	Server OSes, Docker containers, Clients, Products in production.	A program that employs various tools to aid in identifying vulnerabilities across all compute systems.
Software Security Review Board (SSRB)	Products in production.	SSRB reviews are conducted regularly. During reviews, all technical and organizational measures are assessed for the product in question.
Data retention policy	Personal identifiable information, Application data, Products in production.	Upon user's request for deletion or after one year of not having an active license or trial, personal data will be

		archived. Archived data is purged after 90 days.
Security and privacy awareness	All employees (Privacy Basics and Security Essentials courses)	Semi-annual training for specialized IT and product teams on advanced security topics, such as OWASP Top 10.
Continuous security	Products in production.	Regular application of Technical Measures.
Opensource compliance reviews.	Products in production.	Assessments conducted to ensure proper licensing and attributions are provided in distributed software.
Disaster Recovery	Products in production	Following NIST-800-34 as a guide to maximize RTO and RPO.

Backup policy	Databases, Code, Logs.	<p>The general policy requires multiple backups, one of which must be offsite from the primary storage location,</p> <p>Regular database backups occurring daily (2 times per day), weekly, and monthly. Daily backups are retained for 7 days. Weekly backups are retained for 4 weeks. Monthly backups are retained for 13 months. The restore window is 12 hours.</p> <p>Application source code backups occur daily and are retained for 360 days.</p> <p>Production logs: Datadog – Logs are live for 7 days. Logs are then put in long-term storage for 180 days and then purged.</p> <p>Load Balancer – Logs are retained for 360 days and then purged.</p>
---------------	--------------------------------------	--

		<p>Web Application Firewall – Logs are retained for 90 days and then purged.</p> <p>Cloud Trail – Logs are retained for 90 days and then purged.</p> <p>Cloud Watch – Logs are retained for 360 days and then purged.</p> <p>MongoDB – Logs are retained for the life of the project.</p>
--	--	---

ANNEX D – INTERNATIONAL DATA TRANSFER AGREEMENT

This Annex sets out the data protection requirements (including requirements under Applicable Privacy Laws) that apply: (i) to the Data Exporter (Controller) when it transfers Personal Data to the Data Importer (Stoneware, Inc.), its affiliates and/or its Subprocessors, for Data Processing; and (ii) to the Data Importer when it receives Personal Data from a Data Exporter for Data Processing.

The Data Importer warrants and undertakes that at all times it will:

- a) Process the Transferred Data in accordance with Applicable Privacy Laws and will provide reasonable and timely assistance to the Data Exporter as needed to help the Data Exporter comply with its obligations under Applicable Privacy Laws; and
- b) not knowingly perform its obligations under this Agreement in such a way as to cause the Data Exporter to breach any of its obligations under Applicable Privacy Laws.

The Data Exporter confirms that it has taken necessary actions to ensure compliance with the applicable Data Protection laws, including the cross-border transfer of personal data requirements, such as having obtained explicit consents of the Data Subjects with their personal data being transferred abroad, notified relevant authorities or applied for their approval of the transfer or other underlying obligations, as applicable.

1. European Economic Area (EEA)

If Supplier's services are provided to Controller within the European Economic Area ("EEA") or such other jurisdiction subject to EU Data Protection Law, the following provisions shall apply:

(A) "EU Data Protection Law" means (a) Regulation 2016/679 of the European Parliament and of the Council on the protection of natural persons with regard to the Processing of Personal Data and on the free movement of such data (General Data Protection Regulation) (the "GDPR"); (b) the EU e-Privacy Directive (Directive 2002/58/EC); and (c) any and all applicable national data protection laws.

(B) Supplier shall promptly inform Controller (a) of any requirement under EU Data Protection Law that would require Processing Personal Data in any way other than per Controller's instructions, or (b) if, in Supplier's opinion, Controller's instructions may infringe or violate any applicable EU Data Protection Law.

(C) **Data Transfers:** If Supplier or its Subcontractors are located outside the EEA, Supplier and Controller hereby execute the controller to processor standard contractual clauses as set out in MODULE TWO in the [Commission Implementing Decision \(EU\) 2021/914 of 4 June 2021 on standard contractual clauses for the transfer of personal data to third countries pursuant to Regulation \(EU\) 2016/679 of the European Parliament and of the Council](#) as amended or superseded from time to time (the "C2P Standard Contractual Clauses") and hereby incorporate them into this Addendum by reference. The parties acknowledge and agree that:

a. Supplier and Controller shall each comply with their respective obligations in the C2P Standard Contractual Clauses;

b. If there is any conflict or inconsistency between the C2P Standard Contractual Clauses and this Addendum or the base agreement, the C2P Standard Contractual Clauses shall control to the extent of the conflict; and

c. The information in the following tables is hereby incorporated into the C2P Standard Contractual Clauses between the Parties:

***Information to be incorporated into the
C2P Standard Contractual Clauses between Controller and Supplier:***

Clause 9. Use of sub-processors	Option 2 GENERAL WRITTEN AUTHORISATION is selected. Data importer shall provide information at least 30 days in advance as per Clause "Subprocessing"
Clause 17. Governing law	These Clauses shall be construed in accordance with the governing law set forth in the Parties' base agreement unless that governing law is not that of an EU Member State that allows for third-party beneficiary rights. In such event, the Parties agree that these Clauses shall be governed by the law of IRELAND.
Clause 18 (b). Choice of forum and jurisdiction	The Parties agree that any dispute arising from these Clauses shall be resolved by the courts of IRELAND.

Information to be incorporated into Annex 1, Part A of the C2P Standard Contractual Clauses:

<i>Data Exporter's Name</i>	Controller, and any of its commonly owned or controlled affiliates
<i>Data Exporter's Address</i>	To be completed by data exporter
<i>Data Exporter's contact person's name, position, and contact details</i>	To be completed by data exporter
<i>Data Exporter's activities relevant to the data transferred under these Clauses</i>	To be completed by data exporter
<i>Data Exporter's signature and date</i>	To be completed by data exporter
<i>Data Exporter's role</i>	Controller
<i>Data Importer's name</i>	Supplier (Stoneware, Inc.) and its Subcontractors
<i>Data Importer's address</i>	3400 E Coliseum Blvd, #310, Fort Wayne, IN 46805 United States of America
<i>Data Importer's contact person's name, position and contact details</i>	Kimberly Page, Strategic Operations Manager privacy@lanschool.com
<i>Data Importer's activities relevant to the data transferred under these Clauses</i>	As set out in Part B of Annex 1
<i>Data Importer's signature and date</i>	To be completed by data importer
<i>Data Importer's Role</i>	Processor

Information to be incorporated into Annex 1, Parts B and C of the C2P Standard Contractual Clauses:

<i>Categories of data subjects</i>	As set out in Annex A above
<i>Categories of personal data</i>	As set out in Annex A above
<i>Sensitive data</i>	As set out in Annex A above
<i>Frequency of the Transfer</i>	Ongoing frequency, as long as LSA license is active
<i>Nature of the processing</i>	As set out in Annex A above
<i>Purpose of the processing</i>	As set out in Annex A above
<i>Period for which personal data will be retained</i>	As set out in Annex A above
<i>Subject matter, nature and duration of the processing carried out by subprocessors</i>	As set out in Annex B above
<i>Competent Supervisory Authority with responsibility for ensuring compliance by the data exporter with Regulation (EU) 2016/679</i>	The supervisory authority that will act as competent supervisory authority will be that of the EU member State where Data Exporter is established in the EU. If Data Exporter (i.e., contracting legal entity) is not established in EU, then the Competent Supervisory Authority will be such of the EU Member State in which the Data Exporter's EU representative within

	the meaning of Article 27(1) of Regulation (EU) 2016/679 is established. If the Data Exporter is not established in the EU but does not need to appoint an EU representative, then the Competent Supervisory Authority will be that of the EU Member State in which the data subjects whose personal data is transferred under these Clauses in relation to the offering of goods or services to them, or whose behaviour is monitored, are located.
--	--

Information to be incorporated into Annex 2 of the C2P Standard Contractual Clauses:

<i>Description of the technical and organizational measures implemented by the data importer(s) (including any relevant certifications) to ensure an appropriate level of security, taking into account the nature, scope, context and purpose of the processing, and the risks for the rights and freedoms of natural persons.</i>	As set out in Annex C above
---	-----------------------------

Information to be incorporated into Annex 3 of the C2P Standard Contract Clauses:

List of authorized sub-processors	As set out in Annex B above
-----------------------------------	-----------------------------

2. United Kingdom (UK)

If Supplier's services are provided to Controller within the United Kingdom, or the nature of the Personal Data triggers the application of the European Union (Withdrawal) Act 2018 (the "UK GDPR") and the Data Protection Act 2018 (the "DPA 2018"), the following additional provisions shall apply:

- (A) Transfers of Personal Data to a recipient in a country considered by the UK's Secretary of State, to provide adequate protection for Personal Data (an "Adequacy Decision") will be permitted under the Agreement(s) without the need for approved UK Standard Contractual Clauses.
- (B) EEA countries shall be deemed to be subject to an Adequacy Decision for the purpose of transfers of Personal Data from the UK to the EEA.
- (C) In the absence of an Adequacy Decision, Controller and Supplier agree to execute approved UK International data transfer addendum to the European Commission's standard contractual clauses for international data transfers (<https://ico.org.uk/media/for-organisations/documents/4019539/international-data-transfer-addendum.pdf>).

Part 1: Tables / Table 1: Parties

Information to be incorporated into “Part 1: Tables” of the International Data Transfer Addendum to the EU Commission Standard Contractual Clauses:		
Start date	As per the above	
The Parties	Exporter (who sends the Restricted Transfer)	Importer (who receives the Restricted Transfer)
Parties’ details	<p>Full legal name, main address (if a company registered address): As per the information in the 2nd table of the Art. 1. Information to be incorporated into “Part 2: Mandatory Clauses” of the International Data Transfer Addendum to the EU Commission Standard Contractual Clauses:

Part 2: Mandatory Clauses of the Approved Addendum, being the template Addendum B.1.0 issued by the ICO and laid before Parliament in accordance with s119A of the Data Protection Act 2018 on 2 February 2022, as it is revised under Section **Error! Reference source not found.** of those Mandatory Clauses.

3. Switzerland

Insofar as the transfer of Personal Data is subject to the Swiss Federal Act on Data Protection, the parties agree to comply with the EU Standard Contractual Clauses and the following provisions shall apply: (i) the Federal Data Protection and Information Commissioner (FDPIC) will be the competent supervisory authority under Clause 13 of the EU Standard Contractual Clauses; (ii) the Parties agree to abide by the GDPR standard in relation to all Processing of Personal Data that is governed by the Swiss Federal Act on Data Protection; (iii) the EU Standard Contractual Clauses will be governed by the laws of Switzerland in accordance with Clause 17 (Option 1) insofar as the data transfers are governed by the Swiss Federal Act on Data Protection; (iv) the term ‘Member State’ in the EU Standard Contractual Clauses will not be interpreted in such a way as to exclude Data Subjects in Switzerland from the possibility of suing for their rights in their place of habitual residence (Switzerland) in accordance with Clause 18(c) of the EU Standard Contractual Clauses; (v) references to the ‘GDPR’ in the EU Standard Contractual Clauses will be understood as references to the Swiss Federal Act on Data Protection insofar as the transfer of Controller Data is subject to the Swiss Federal Act on Data Protection..

4. Brazil

In case of a transfer of Personal Data subject to the Brazil's General Personal Data Protection Law (as amended by Law No. 13.853 of 8 July 2019) ("LGPD"), and Lenovo, Supplier, or both are located in Non-Adequate Countries, the C2P Standard Contractual Clauses as referenced herein shall apply with the following amendments:

(i) the supervisory authority of the C2P Standard Contractual Clauses shall be the Brazil's National Data Protection Authority (ANPD);

(ii) the governing law in accordance with Clause 17 of the C2P Standard Contractual Clauses shall be the LGPD;

(iii) the choice of forum and jurisdiction in accordance with Clause 18 of the C2P Standard Contractual Clauses shall be Brazilian law in case the data transfer is exclusively subject to the LGPD; and

(iv) any references to the GDPR in the C2P Standard Contractual Clauses shall also include the reference to the equivalent provisions of LGPD (as amended or replaced).

5. South Africa

If Supplier's services are provided to Controller within South Africa or such other jurisdiction subject to the Protection of Personal Information Act (POPIA), the following additional provisions shall apply:

- (A) Data Subject means a natural person who can be identified by reference to a name, unique number, location data, online identifier, or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural, or social identity of that natural person as well as an identifiable juristic person or legal entity.

6. Australia

The parties agree to use and protect applicable Personal Data in compliance with Australia's Data Privacy Act as amended.

ANNEX E – ADDITIONAL PROVISIONS

1. California Consumer Privacy Act (“CCPA”).

Stoneware, Inc. is a Business. Additionally, Supplier is Customer’s Service Provider and will process Personal Data on behalf of Customer.

- a. Supplier shall not sell the Personal Data or Proprietary Information. “Sell” means selling, renting, releasing, disclosing, disseminating, making available, transferring, or otherwise communicating the information for monetary or other valuable consideration.
- b. Supplier shall not retain, use, or disclose the Personal Data: (a) for any purpose other than for the specific purpose of performing the services set forth in the Agreement for Stoneware, Inc. or as otherwise permitted by the CCPA and its implementing regulations, (b) for a commercial purpose other than providing the services specified in the contract with the business, or (c) outside the direct business relationship between the person and Stoneware, Inc.
- c. This DPA shall serve as Supplier’s certification that Supplier understands the CCPA requirements applicable to businesses and service providers, including the restrictions in Cal. Civ. Code § 1798.140(w)(2)(A), and will comply with them.
